

HOW TO COMPLETE THIS FORM

Name:.....

Advisory:

FIRST – DECIDE

Before writing anything read the Options booklet. Discuss all the possibilities at length with both your parents and your advisor.

SECONDLY – MAKE YOUR CHOICE

State the four subjects you want in each column below. You must choose ONE EBACC in blue and only ONE subject from each column. Single linguists are recommended to take two vocational subjects.

Column A	Column B	Column C	Column D
----------	----------	----------	----------

THIRDLY – DECIDE YOUR RESERVES

The choice you have made cannot be guaranteed. We will try to meet your wishes but some courses may become full while others do not attract enough students to happen.

If your choices cannot be met, you will be given a reserve. Please list below your top three reserve choices in priority order. (1=Top Reserve)

(Reserves can be from any column but must be taken from subjects you have not already chosen)

Reserve Choices (in order of preference)		
Top 1.	2.	3.

IMPORTANT NOTE

You must complete this page so that we can be as fair as possible. It is in your interests to think very carefully about your choices and reserves. (If you do not complete this section your form will be returned to you and the delay may mean that you do not get your choices and have to accept completely different subjects.)
