Dear Parent/Guardian

I am writing to you at the start of the Year 11 examination season to outline some key points regarding examination information, revision schedules and exam routines. I would be very grateful if you would read this letter carefully and go through all the contents with your son / daughter. We have found that parental support in daily routines during the exam season can make a huge difference to students' examination success.

Examination Timetables and Routines

All students have now been given their final examination timetable. Copies have also been issued to parents/guardians. If for any reason you do not have a timetable, you will find it on the website or you should contact our examinations officer Mrs Rosie on caroline.rosie@mascallsacademy.org.uk.

Please familiarise yourself with the date and times of your son's / daughter's exams so you are able to support them to organise themselves, to arrive on time, with the correct equipment and be fully prepared for the paper. It is vital that students have enough sleep on the night before an exam. Their concentration is also greatly improved by ensuring they have eaten a healthy breakfast each morning.

All students must wear full and correct uniform to their examinations. Candidates with any exam clashes have had timing details emailed to them and copied to their subject teachers. A3 copies of daily seating plans will be on display on a noticeboard in the Foster Foyer.

Revision Timetable

The last day for students is the main examination on the 16 June. However, please note there is an amended timetable and non-attendance is linked to the prom. Students will attend their normal lessons up to this point. When a student has an afternoon exam, as far as possible, they will be timetabled to be with subject specific teachers in the hours leading up to each examination. Details of these revision sessions are listed at the end of the letter. Please note that the schedule of additional lessons is subject to change based on staffing availability. Students that come in to school for extra revision during the study leave period must sign in and out at Student Services. They must also be in full school uniform.

I would like to take this opportunity to wish your son / daughter the best of luck in their effective revision and examination preparation over the next few weeks.

Yours faithfully

Mrs Sharon Mahon

Assistant Principal
