28 June 2019

Dear Parent/Guardian

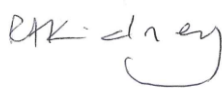

Year 12 Fieldtrip to Bexhill- on- Sea, Tuesday 9 July 2019

Firstly, may I take the opportunity to thank you for your support on our recent weekend in Dorking and Seaford/Newhaven. The students engaged fully with the work and the whole experience, and were a pleasure to be with for both myself and Ms Shaw-Kew. They have now begun to form their project ideas and need to complete their formal NEA proposal by 15 July 2019.

As part of this project, we will be going to Bexhill-on-Sea to gather further data and experiment with some of the techniques learnt at Juniper Hall. We may also drive to Hastings and/or Seaford and I will be accompanied by Amanda Westland, our School Librarian. If you need to contact me, my mobile number is 07729 620215 and the school mobile is 07940 120192.

We will depart by school minibus at 8am and return around 6pm. Students should come appropriately dressed and bring money and/or a packed lunch. Following this trip, it will be expected that the students dedicate some of the summer holidays to furthering their independent fieldwork report.

Yours faithfully

Mr Roger Kidney
Assistant Head of Geography
