

Mascalls Academy is a high achieving, mixed, multi-disciplinary comprehensive academy with outstanding arts and sports facilities.

We pride ourselves on academic excellence and strength of individual character within a culture of aspiration and success.

Our pastoral care ensures that the individual is supported to be the best that they can be, our broad curriculum identifies the core knowledge that enables students to attain success across a wide range of subjects and our teaching utilises the most up to date and efficient strategies to embed learning.

Our aim is for students to be happy, polite and show respect. We challenge every day to achieve the highest possible standards and develop a personal discipline that will build on success years after students graduate from our academy.

We are incredibly proud of our students and take every opportunity to celebrate their achievements across their entire school life from classroom to club. As a community they support and encourage each other and know that together they are capable of incredible success.

We aim to work closely with parents through the seven-year journey to develop and nurture confident, knowledgeable and disciplined graduates leaving our academy as young adults.

The school's aim is to provide a broad range of educational opportunities for all students regardless of their ability or background, to develop their potential to the full and to enable them to become confident, caring adults with the competencies necessary for success in adult life and life-long learning.
